Well known models take to Village Hall catwalk

You might not recognise all the haircuts, but the names of the fearless local models who volunteered to show off high street brands at the Playschool fashion show last month will be familiar.

With hair by Philip Smith and choreography by Amy Tabbenor, the clothes were less important than the occasion!

Over 60 people came along to enjoy the show and grab a bargain in aid of Youlgrave Playschool.

Ticket sales and other donations raised around £250. A few glasses of wine, kindly donated by Waitrose (Buxton) and Harthill Hall, certainly helped the evening along.

Thanks go to everyone involved in the organisation, but especially the models. Pictured above (back row): Chloe Oates, Nicola Bacon, Julie Bacon and Mick Partridge. Middle row: Angela Atkinson, Sarah Shimwell, Anne Prince, Amy Tabbenor and Amy Shimwell. And in the very front: Alice Cooper.

Youlgrave's very own budding models!

YOULGRAVE PLAYSCHOOL

Youlgrave Playschool term starts again on Wednesday 5 September and still has funded places available on some days. For more information or a registration form please contact Karen Nuttall on 636536. We are especially keen to hear from you if your child will be two and a half in January and would like to try out playschool in the Spring or Summer terms. The AGM of the Playschool Management Committee will be held on Wednesday 10 October. Please contact Saffron Baker on 636768 if you would like to get involved.

The Bugle is sponsored by Youlgrave Cinema – now in its 5th season

Village noticeboard

Jean and Peter Webster would like to thank all friends and neighbours and families for their help and support over the last few months. Also, thank you all the doctors and nursing staff for their care and the three Churches for remembering us each week. Peter is now making a full recovery and we will soon be out and about again.

*Is anyone interested in joining a small group (of pensioners?!) to play **table tennis** on a Wednesday morning in the Village Hall? If so, please ring Barbara or Howard on 636601.*

For those of you keen on some forward planning (or considering holiday dates), next year's **Youlgrave Well Dressing** will take place from Saturday 21 June to Thursday 26 June 2008.

DAMAGE TO VEHICLES MUST BE REPORTED

Over the past few months there has been a spate of damage to vehicles parked both on the road and in private driveways on Church Street and Main Street in Youlgrave.

This damage has ranged from scratches to the vehicles bodywork with a sharp implement, to the slashing of tyres and the breaking of wing mirrors.

Several of these incidents have been reported to the Police, but it would appear that there are other occurrences that for various reasons are not reported, thus giving the police an incomplete picture of the scale of the problem.

I would like to encourage anyone experiencing such an incident to call the Police on 0845 1233333 – no matter how minor they feel the damage to be. In addition, we would welcome calls from anyone with information as to who may be responsible.

Please be vigilant and look out for each other, and each other's property, and hopefully restore Youlgrave to its former low crime status.

PC Sandra Wetton

Fundraising success

A very enjoyable Champagne and Strawberry Evening, hosted by June and Has Oldham of Conksbury Avenue on 1 July, raised £490 for Breast Cancer Care. Thanks go to all friends and neighbours who sent donations, bought tickets, donated raffle prizes, made cakes – and to ex-Youlgrave's Steven Bane and all those who auctioned services: Graham and Jen from Youlgrave Garage, Phil Smith (Hairstylist) and Has Oldham (DIY extraordinaire!).

The Bugle would like to thank Roger Easton for his annual inspection of our accounts which, once more, he has carried out free of charge. Much appreciated!

Dear Editor,

During July we held our daughter's Christening at the Village Hall. After the event we had a large number of empty glass bottles left. We could not find a glass recycling box at the Hall so we decided to bag the bottles and take them home to recycle in our box. On the Monday morning the glass collection came by – but left our bottles.

We actually share our box with my Mother-in-law, as our box has been missing for at least a year. I have requested a new box from Derbyshire Dales District Council three times over the past year, but still one does not appear. Was our box therefore too heavy, as it is being shared between two properties? This was my initial thought. However, when the weekly refuse collection came by later, one of the collectors threw the glass onto the refuse lorry – therefore the glass and my time both wasted! Why is it possible for one collector to lift the box and not the other?

At a time when recycling is the big issue these sort of incidents do not encourage people to do their bit.

(I am glad to report that Nicola finally took delivery of her blue box last month. If you have any problems with rubbish or recycling collection from your property please contact the Bugle – Ed.)

The Alport Lane Playing Fields – enjoying a great village resource

The playing fields on Alport Lane were gifted to Youlgrave in 1929 by the Misses Melland of Raenstor Close, who also gave the Village Hall to the community. The playing fields are now owned by the National Playing Fields Association (recently renamed 'Fields in Trust'), a registered charity, and are managed on their behalf by Youlgrave Parish Council which maintains the facility for the use of all villagers.

The 8-acre site includes a football pitch and cricket square, a bowling green and tennis court, and regular users are asked to make a contribution to the running costs as the field actually makes a loss that is borne by the Parish Council (ie Council Tax payers). The playing field is registered by the Charity Commission and if you go to www.charitycommission.gov.uk/ and type in '520537' under charity number you can see the history of the site since registration – and the fact that it has never made any profit.

It cost Youlgrave Parish Council approximately £5,480 last year to mow the field, clean the public toilets, carry out essential maintenance (rebuilding walls, cutting back encroaching vegetation, improving the surface of the parking strip, etc) and replace vandalised items, including elements of the toilet block. Our receipts from users amounted to just £1,230. The remainder of the cost is shared by Youlgrave Parish and Derbyshire Dales District Councils as part of their commitment to community recreation and public open space.

The Parish Council is delighted that more and more people are using the playing fields and we encourage villagers to enjoy this valuable resource. In the last few years a considerable amount of money has been spent improving the play facilities for children and young people; and earlier this year we successfully applied for £10,000 of grants to begin refurbishing the pavilion.

The Alport Lane playing fields are now home to football and cricket teams, and successful bowls and tennis clubs. All Saints Primary School uses the grounds for its PE and games, as well as Sports Day; and of course it's also the venue for the popular annual Music Festival. In addition, a small wildlife area is being developed at the bottom of the fields.

The playing fields cost quite a lot of money to maintain, and although some users might feel that it is unfair to charge them all user groups has to make a contribution if we are to continue to enjoy one of the best playing fields of any Derbyshire village. And if you haven't been down to the fields for a while, why not take a stroll and enjoy one of the village's prime assets?

If you would like to hire the field for your own event or get in touch with any of the sporting user groups see the village noticeboard on Church Street or contact Parish Clerk Matthew Lovell on 636151, email youlgraveclerk@btinternet.com

NEW HEADTEACHER APPOINTED

The Governors of Youlgrave Primary School are pleased to announce the appointment of **Fiona Jackson** as the new Headteacher of All Saints Primary School, Youlgrave, from January 2008. Mrs Jackson is a former Lady Manner's pupil and lives in Tideswell with her husband and 9-year-old son William. She has been Acting Headteacher at St Anne's Primary School in Buxton. We look forward to welcoming her in January and Mrs Wildgoose will be our Acting Head until then.

SATs results

Yet again, this year's SATS results for Youlgrave Primary School have been exceptional and are as follows:

	Level 4	Level 5
(Govt expected target)		
Literacy	100%	67%
Maths	100%	58%
Science	100%	75%

A very well done to the pupils and staff for all their hard work. Look out for the national league tables this year, because as we have more than 10 pupils we are this time allowed to publish our results.

Babel, The Unforgiven, Il Postino, Little Miss Sunshine

School finances explained

All Saints Primary School Youlgrave is a Voluntary Aided Primary School. This means that the Government only funds 90% of any building works or building improvements. The remaining 10% has, for a number of years, been raised by the Governors of the school.

In the past, the Diocese has given us a 10 year interest-free loan but, due to the church's own financial difficulties, this facility is no longer an option.

The current situation is that there is Government funding of £50,000 allocated to us but we can only access this once we have raised the £5,000 (10%) to match it. On top of this, we still have an outstanding loan of £9,000 from the building works carried out two years ago (the classroom alterations and the new library).

We have plans to spend most of the £50,000 to improve the front playground, ensuring that it is safe and secure and to carpet the classrooms to help with sound and heat insulation.

As you can understand, this will take a huge fundraising effort and we hope that you will support us as much as you are able.

I would like to point out that this is very different fundraising to the valuable work carried out by the School Association, which raises money for the 'extras' in school, such as subsidising school trips, funding project weeks, playground equipment, etc.

If you feel you are able to help us in any way please contact either the school (636289) or myself (636802). Thank you.

Sue Hallam (Chair of Governors)

'Joseph' is a sell-out sensation at Village Hall

Those of us that were lucky enough to get a ticket to one of the two performances of Youlgrave School's production of 'Joseph' had a real treat. The obvious pleasure on the faces of the children showed that they too enjoyed the performances as much as we did. The quality of the singing and the acting was exceptionally high. We should all say a big thank you to the children of years 3, 4, 5 and 6 of Youlgrave School for a very entertaining evening.

Music Festival set to be best ever

Youlgrave Music Festival 2007: Friday 7 and Saturday 8 September.
Doors 6pm both nights.

This years Youlgrave Festival promises to be the best yet, with a wide and eclectic range of performers from the whole of the Midlands area. The festival gathers momentum year by year, and true to form this year is no exception.

Friday night's line-up starts with two up and coming young Bakewell bands. First, rock and metal influenced MANAKIN (formally THE HAZARDS) and the UNSTITCHED PUPPETS, who tread a finely tuned line of pop punk, indie and rock. Following on is acoustic music provided by the MURDER CITY SWEETHEARTS, who feature the voice of local favourite Colette; then thumping progressive classic rock from Sheffield's FIREGARDEN, fresh from shows in Russia. Bakewell's potential next big thing, folk-tinged indie rockers CORKSTONE, will also be performing. The night will be brought to thunderous close by SKULL TANKER, Bakewell's heaviest, loudest and nastiest export.

Censored – Nottingham rock/indie band headlining on Saturday night.

Saturday night's entertainments start with a set from a youthful rock and punk outfit from Matlock called FINAL STRAW. Keeping the music alive will be Buxton's ska-punking heroes SMILING IVY, and messy rock, punk and roll from Middleton's deranged SCUTTY NEIGHBOURS.

The festival's final acts will showcase pure rock'n'roll from THE REMOULDS, local swaggercore favourites FAT FISH and a headline set from CENSORED, a brilliant rock and indie band from Nottingham on the verge of greatness.

A CHARITY CONCERT IN AID OF THE COUNTY AMBULANCE SERVICE

Bakewell's hard-hitting Skull Tanker

As usual, a burger stand and bar will be on site.

Tickets cost £7 a day or £10 for both nights and are available from the Farmacy Inn, Bull's Head, Bakewell Bookshop, Hollands Butchers and Ibbotsons fruit and veg shop in Ashford. (Alternatively, from the band members themselves.)

Corkstone – tipped for greatness.

A concert by Warslow Silver Band, with a guest supporting artiste, has been arranged to be held at the Youlgrave Methodist Church on Saturday 1 September at 7.30pm.

This concert, all the proceeds of which will be donated to the County Air Ambulance Service, is the idea of Sandra and John Roper who have decided to use the celebration of their Ruby Wedding Anniversary, which is later in September, as a means to raise funds for this worthy cause.

The County Air Ambulance Service was founded in 1991 and relies entirely on voluntary donations to maintain the service, it serves an area of over 8,000 square miles and costs £3 million each year to operate. The charity currently has three helicopters and flies an average of 2,000 missions every year. The Air Ambulance can be airborne within two minutes and it can reach all parts of the region within 19 minutes of flying time. This rapid response can be vital for critically injured patients who then stand a much increased chance of survival.

John Roper is, of course, the conductor of Youlgrave Silver Band, but he has also for many years been a regular member of the Warslow Band, which is why they have agreed to perform in concert at Youlgrave.

The conductor of the Warslow Silver Band is Steve Sutton, who may perhaps be better known to football followers as the goalkeeper of Nottingham Forest during the time they were managed by a certain Mr Brian Clough.

The admission to the concert is only £4, which also includes refreshments!! Sandra and John are hoping for a good attendance at the Methodist Church in Youlgrave on Saturday 1 September and so provide a worthwhile donation to the County Air Ambulance funds.

Cheaper than the Showroom, quieter than Cineworld!

Thank you, thank you, thank you!

The Parish Plan consultation day on 14 July generated almost 100 comments and ideas for Youlgrave and Alport.

As expected, there's a lot of concern over traffic speed, parking and a general desire to continue to improve the pedestrian-friendly feel to the main street. There's also much support for a 20mph speed limit.

Lighting got lots of mentions, and while we'd like to feel safe and see where we're going, we enjoy looking at the stars at night – so there's a discussion to be had about style, brightness and sighting of lights.

There were many ideas on how the quality of facilities could be improved in the village, whether it be recycling, information or toilets!

Support for a modest development of new housing is universal. The very good response to the housing survey is currently being analysed and the results will be made known as soon as they are available to us. Thanks to all those who replied.

All comments will be fed back to the relevant groups, who will then make a set of recommendations to the main Parish Plan steering committee (who next meet on the 10 September).

When a final report is drawn up, we'll come back to you for comments and final approval.

Generous donations to local hospital

A fundraising night at Youlgrave Village Hall organised by Jack Goodwin and Rob Lowe earlier this summer raised £563.50 for Stanton Day Hospital. The money will go towards the community hospital's services for Parkinson's Disease sufferers. The evening's entertainment featured the likes of Youlgrave's Nick Stacey, plus traditional rock'n'roll from the Remoulds. Jack's contribution included sitting in a cold bath outside the George.

In addition to Rob and Jack's efforts, the Stanton Day Unit was further boosted by a generous donation of £600 from Youlgrave Music Festival.

Tennis In Youlgrave

Is everyone aware of the excellent facilities on offer in this village?

For just £12 (£5 if you're under 16) you have access to two tennis courts for a whole year.

The club AGM was held last month and there should have been more people present! If you play, or just want to give your support as a non-playing member, please contact Lillian (636524), Peter (636887) or Jane (650489). If you are a player but have not paid your subscription, please remember that we cannot keep the courts going without your financial support. All the money we collect is ploughed back into the club.

The courts are a great asset – don't risk losing them. And come to the AGM next year!

WI NEWS

On a very wet evening a group of us set off for our second summer event, a visit to the beautiful Cashel Gardens, feeling very optimistic that the rain would stop. But, oh no, it just went on and on! We walked very carefully, armed with umbrellas, etc, but after about an hour we had a welcome cup of tea and reluctantly decided to shorten our stay. We hope to go again in much better weather.

Our meeting on 10 July was wonderful. Elizabeth Lomas showed us how to make a table decoration for a dinner party. Then we were all given sprays of carnations and greenery and a container to make our own, finishing it off with a centre candle. We went home very proudly with our efforts. On 3 August, as part of our summer programme, a small group (some walked, others went by car) met at the Lathkill Hotel for a very enjoyable lunch in glorious sunshine – what a treat!

Our last venture of the summer break was an enjoyable visit to Calke Abbey on 21 August.

The next meeting will be on 11 September, when Mr. P. Cooke is coming to speak. His talk is entitled 'The Organ Grinder' and takes place in Youlgrave Village Hall.

We give a warm welcome to all Ladies.

Recycle your drinks cartons

Derbyshire Dales District Council is introducing recycling facilities for paper-based food and drink cartons, such as Tetra Paks and other fruit juice containers, at sites around the district. The nearest to Youlgrave are at Granby Road in Bakewell and the Spar shop/filling station in Darley Dale, and it's hoped that if successful the service will be extended to the villages in due course.

Middleton Rocks makes a splash

The fourth in the nationally acclaimed music festivals took place at the Middleton Bowl. After Glastonbury, the Princess Diana festival and Live Earth, hopes were high for a string of top class acts and an evening of quality entertainment. Thankfully Ricky Gervais was unable to act as compere, due to prior commitments.

Maybe the omens were against Phil Wilbore on this occasion. After all, it was Friday 13th, with steady and heavy rain falling throughout the day and evening, but like the band on the Titanic, the bands played on until the water got too much.

In front of a young audience the first group on was the young band from Bakewell, Stringless Puppet, who played a lot of their own material. They were followed by Corkstone and Smiling Ivy. The fourth group of the evening were Skull Tanker, who played music similar to that of Motorhead or Metallica (so I'm told). They tried in vain to drive the clouds away, although the youngsters in front of the stage certainly had a go at drying up the road!

The more mature people in crowd were pleased to see local female singer Colette return to the Middleton Bowl. Sadly, though, on her third song the electrics went pop and that was it. The much awaited return of Fat Fish did not take place, much to the disappointment

Phil Wildbore demonstrates the security arrangements in place for Middleton Rocks.

of the crowd.

The event supports the work of the Village Hall Committee and surprisingly made a small profit. Phil and the Village Hall Committee would like to thank the following people for their help and support for making the event possible: Greg Wilkinson for his help and advice with the electrics; the four ladies of the barbeque - Pat, Janet, Margaret and Kath; Sean and his staff from the Farmyard Inn; Jim from K&H Haulage for the use of his trailer; Sue and Joe for the use of the electricity, and the hardy groups.

It is understood Michael Eavis from the Glastonbury Festival has been in touch with Phil asking why there was no mud. "It's all a question of asphalt" was Phil's response.

'CUT THE CARBON' MARCH VISITS YOULGRAVE

1,000 miles in 80 days : Pommy marks half way point for walkers

'Cut the Carbon' is a Christian Aid backed march that started in Belfast on 14 July and, via Edinburgh and a number of other UK cities, is due to arrive in London on 2 October, in time to lobby for an improved climate change Bill.

On the morning of Tuesday 21 August, the walkers stopped off in Youlgrave, where members of Sustainable Youlgrave met them at the Village Hall with refreshments and words of encouragement – such as “only another 500 miles to go...!” “it's all downhill from here” (as they disappeared down Holywell Lane).

In other words, they reached the half way point here in Pommy. The walkers also noted, at the 1829 Fountain, that some African countries are just a little bit behind us... **JY**

GO WILD IN THE GARDEN

Butterflies have had a dreadful summer and we should give them all the help we can for the rest of the season and next year. Gardens play a very important role in conserving these wonderful insects. The right selection of plants can provide nectar for adults and food for caterpillars. Some butterflies can travel amazing distances to reach food plants. For example, the common garden visitor, the Painted Lady, travels from North Africa and the Middle East to Britain. Other species that can commonly appear in gardens are Tortoiseshell, Peacock, Red Admiral, Comma, Brimstone, Orange Tip and Holly Blue. Apart from the infamous Cabbage White, they can only enhance the garden scene.

WILDLIFE PROJECT

Planting up a 'nectar bar' border in autumn is a fun project, and essential in a wildlife garden. This can be a feature from spring, with aubrietia, wallflower, honesty and primrose, through summer with, of course, buddleia but also catmint, globe thistle, knapweed, lavender, valerian, marjoram and thyme. Excellent nectar sources for butterflies in autumn are golden rod, sedum, michaelmas daisy, sunflower and scabious. These should all be sited in a sunny spot and will look glorious with the tall subjects like buddleia at the back and things like thyme and aubrietia at the front.

Recycling – your questions answered

Youlgrave's District Councillor, Andrew McCloy, puts some of your questions to Derbyshire Dales District Council's Recycling Officer.

Where does all our recycling actually end up?

The glass from the bottle banks is taken by the collector to their depot at Kirkby in Ashfield. There it is further sorted in to colours and then sold on the open market in order to achieve the best price for the material. Some of the glass is exported.

The plastic is also taken to the collectors depot at Kirkby in Ashfield where it is sorted and bailed. The material is finally exported to China.

The paper collected in the paper banks is collected by a contractor known as Cutts Bros. The paper is taken to their depot in Doncaster where it is sorted and bailed. The paper is then delivered to the Abitibi paper mill at Ellesmere Port. Some of the paper is exported.

The glass from the edge of property collection is taken to the Veolia depot at Longcliffe. The glass is bulked up at the depot and sold to Recresco.

The paper collected on the edge of property collection is again taken to the Veolia at Longcliffe. The paper is bulked up and delivered to Nordic Recycling Limited at Chatham Dockyard, Gillingham.

What kind of plastic can be recycled?

There is guidance to plastic recycling both on the Council's Web site and contained in leaflets which have been distributed over the years. Plastic is very much more complicated than glass and paper, which can be easily identified. Most plastic collection schemes are for plastic bottles only, as the reprocessors in this country will only buy that type of plastic. By agreement and at the discretion of the collection contractor, Recresco, this Council's scheme includes other household plastic food and beverage containers. The plastic must be identified by looking for a recycling triangle logo which may have the numbers 1, 2, 3, 4, or 5 inside or the abbreviations PET, PETE, HDPE, PVC, LDPE, PP. We do not want plastic bags or sacks, mixed plastic and foam packaging, cling film wrap, polystyrene, the insides out of cake boxes, or anything which does not have the logo and numbers or abbreviations.

For more information go to www.derbyshiredales.gov.uk and follow the links to Environment and Recycling; or call the Council's Environment Hotline on 01629 761215 for a free copy of the booklet 'Watch Your Waste' - a guide to how and where to recycle in the Derbyshire Dales.

Are you pleased, puzzled or frustrated by any aspects of the District Council's policy of reduce, re-use and recycle? Do you want to know more? Send your questions to Andrew McCloy at andrew.mccloy@derbyshiredales.gov.uk, call 01629 636125, or write to him at Englemere, Brookleton, Youlgrave, Derbyshire DE45 1UT.

Suggestions and recommendations always welcome
